

# Online Courses by MAKO receives Award of Excellence 2025

In any industry there are always organisations that stand out from their peers and set the standards that others in their field have to aspire to achieve. Online Courses by MAKO is an organisation that certainly meets this criteria leading the way when it comes to providing interactive training courses in a range of areas including health and safety, management and hospitality for clients across the UK. They have made quite a name for themselves over recent years establishing a well deserved reputation as one of the rising leading stars of the industry and if the last few years are any barometer of what the future holds then there are many successful chapters yet to be written in the Online Courses by MAKO story.

The reputation they have is fully justified and is now beginning to earn them more tangible forms of recognition. In the prestigious Business Excellence Awards they were given the impressive accolade of being named Best Interactive Health and Safety Provider. The award was well deserved and has further cemented their reputation as one of the absolute leaders in their field. Following on from that success we are delighted to announce that Online Courses by MAKO are the latest recipients of one of our Awards of Excellence receiving the Interactive Training Courses Award for 2025.

With our awards we think it's important to recognise organisations that are bringing something new and innovative to their marketplace. They don't necessarily have to be the biggest but they have to be someone that is trying to offer something different to what is already out there and above all they must offer a great product and service. We feel that Online Courses by MAKO ticks all the boxes and are worthy winners of our award. The awards are clearly no accident and will come as no surprise to anybody that has worked with them. In this edition we will try and give you an insight into the work that they do and the success that they've enjoyed.

There are many factors but first and foremost they are excellent at what they do with the entire team sharing the same steadfast determination to maintain the high standards that have become such a trademark. So who exactly are Online Courses by MAKO and what is it that they do? They are a team of experienced award winning professionals that provide accredited interactive online training in health and safety, health and social care, business skills and hr compliance, mental health and wellbeing. They provide flexible, mobile friendly learning with multilingual options that have a proven track record of helping both individuals and businesses enhance their skills and compliance.

All of their courses are approved by leading governing bodies meaning that they are fully accredited. Online Courses by MAKO were established with the aim of helping companies and individuals get the best training possible, with a recognised personalised certification and to gain a better understanding and knowledge in their chosen industry and to their credit that is exactly what they have done with over 300 courses on offer.

They never cut corners or compromise on the quality of the courses that they've been able to provide with such remarkable consistency. The fact that they are held in such high regard by the clients that have completed their courses speaks volumes about their quality and the honest and ethical way in which they operate.

While many online course providers use PDF-based content, Online Courses by MAKO provides fully interactive video materials that are tutor-led '1 to 1'. "We don't offer 'tick box courses' just to complete the course," says Jon (Managing Director). "With ours you have to interact to complete the course properly. "The candidate retains much more information, making a much safer and knowledgeable working environment for all. "Courses are also interesting and pleasing to complete."

All of their courses are designed to give the best possible learning experience. One of their great strengths as an organisation is that they are always striving to improve and continually evolving in their determination to stay ahead of the curve and to continue to provide courses that are amongst the very best in the industry. They are open to embracing change whether that advances in technology or adapting to changes in legislation so that the learning that they provide is up to date. All of their course videos have been designed by using heat mapping technology which keeps the learner's attention, which means the courses are designed to keep clients highly engaged, stimulated and retain more information.

The challenge that Online Courses by MAKO faces in the future as their reputation grows and the demand for their courses increases will be to maintain the high standards that have seen them enjoy so much success. Given their track record we think it's something that they will achieve and that Online Courses by MAKO is a name you'll be hearing much more of in the years to come.

A photograph of a man with a beard and short hair, wearing a dark turtleneck sweater, standing next to a white banner. The banner features the 'MAKO' logo with 'Online Courses by MAKO E-Learning Made Simple' and 'Video Interactive Training Courses'. Below the banner, a list of course categories includes Management Skills, Business Skills, Health &amp; Safety, Health &amp; Social Care, and Leisure. A QR code is also on the banner. At the bottom, there is a call to action: 'FOR MORE INFORMATION VISIT www.onlinecoursesbymako.com'.
